MARKET REPORT

Wednesday April 3, 2024

Head Sold: 1061

Cows/Bulls: 431 Calves/Yearlings: 630

We are in uncharted territory with the highs we are seeing in this market. A heavy bull brought \$187/cwt and totalled out over \$4,700 for the consignor. The calf market was a bit softer today with interest being a bit curbed due to the pressure and fluctuation from the boards. Quality was also a big factor in our market today. Thank you to all our buyers and sellers who allowed us to work for them again this week, we appreciate you!
