## MARKET REPORT

**Wednesday May 1, 2024**

**Head Sold: 1024**

**Cows/Bulls: 328      Calves/Yearlings: 696**

Despite the rain we still had a good run. The calf market was unevenly steady with some classes higher and some steady to a dollar or two cheaper than last week. The biggest factor being if calves were weaned and worked. The packer market held steady. Thank you to all who participated in our market this week.

**Mark your calendars for our May 15<sup>th</sup> Value Added Special where we will have our VAC 45, VAC 60 and Stocker VAC calves along with a special segment of weaned Angus Calves in conjunction with the Texas Angus Associations Program! For more information on consigning give us a call!**
